

NATURE'S AURA

THE FUTURE OF PLAY STARTS HERE

NATURE'S AURA™ INNOVATIVE

Nature's Aura is the newest line
of unique playground equipment
created by Dynamo Playgrounds.

Made with Douglas Fir, known for its excellent hardness rating and higher natural water resistance.

Wood has tactile and sensory properties quite unique from plastics or metals and wood structures have thermal normalization properties and are less affected by extreme temperatures.

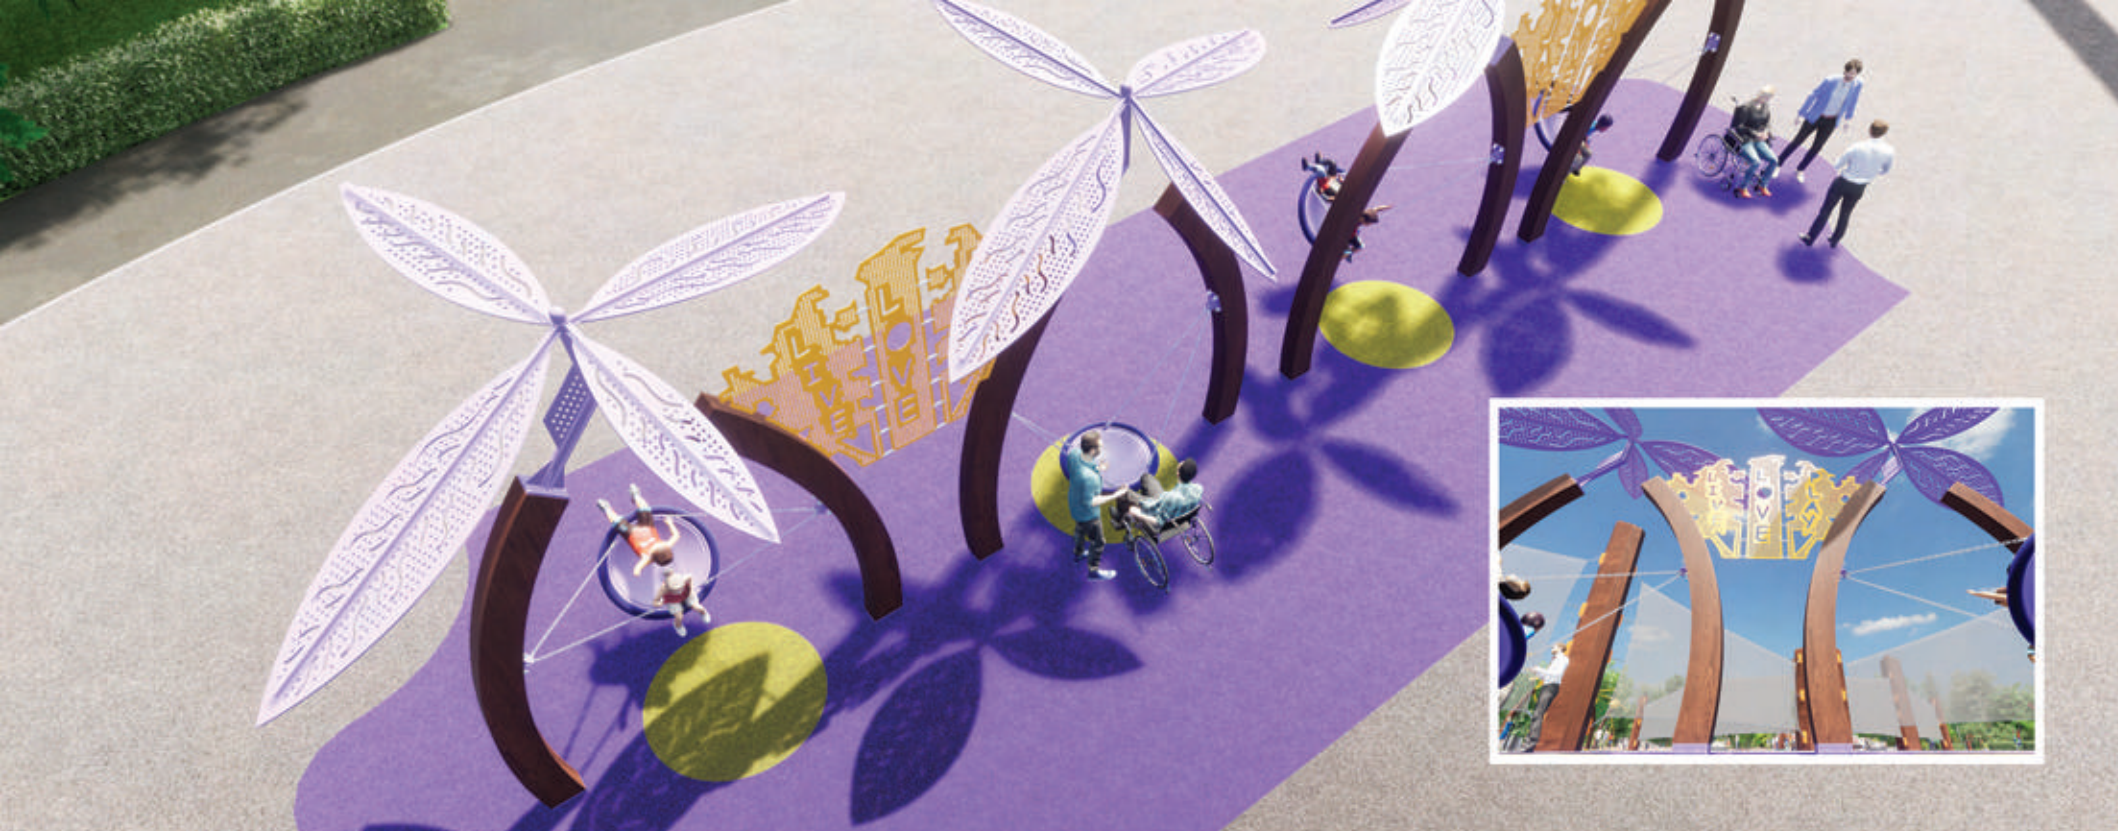

Biggo Bow Solo With Shade (DWS-4004)

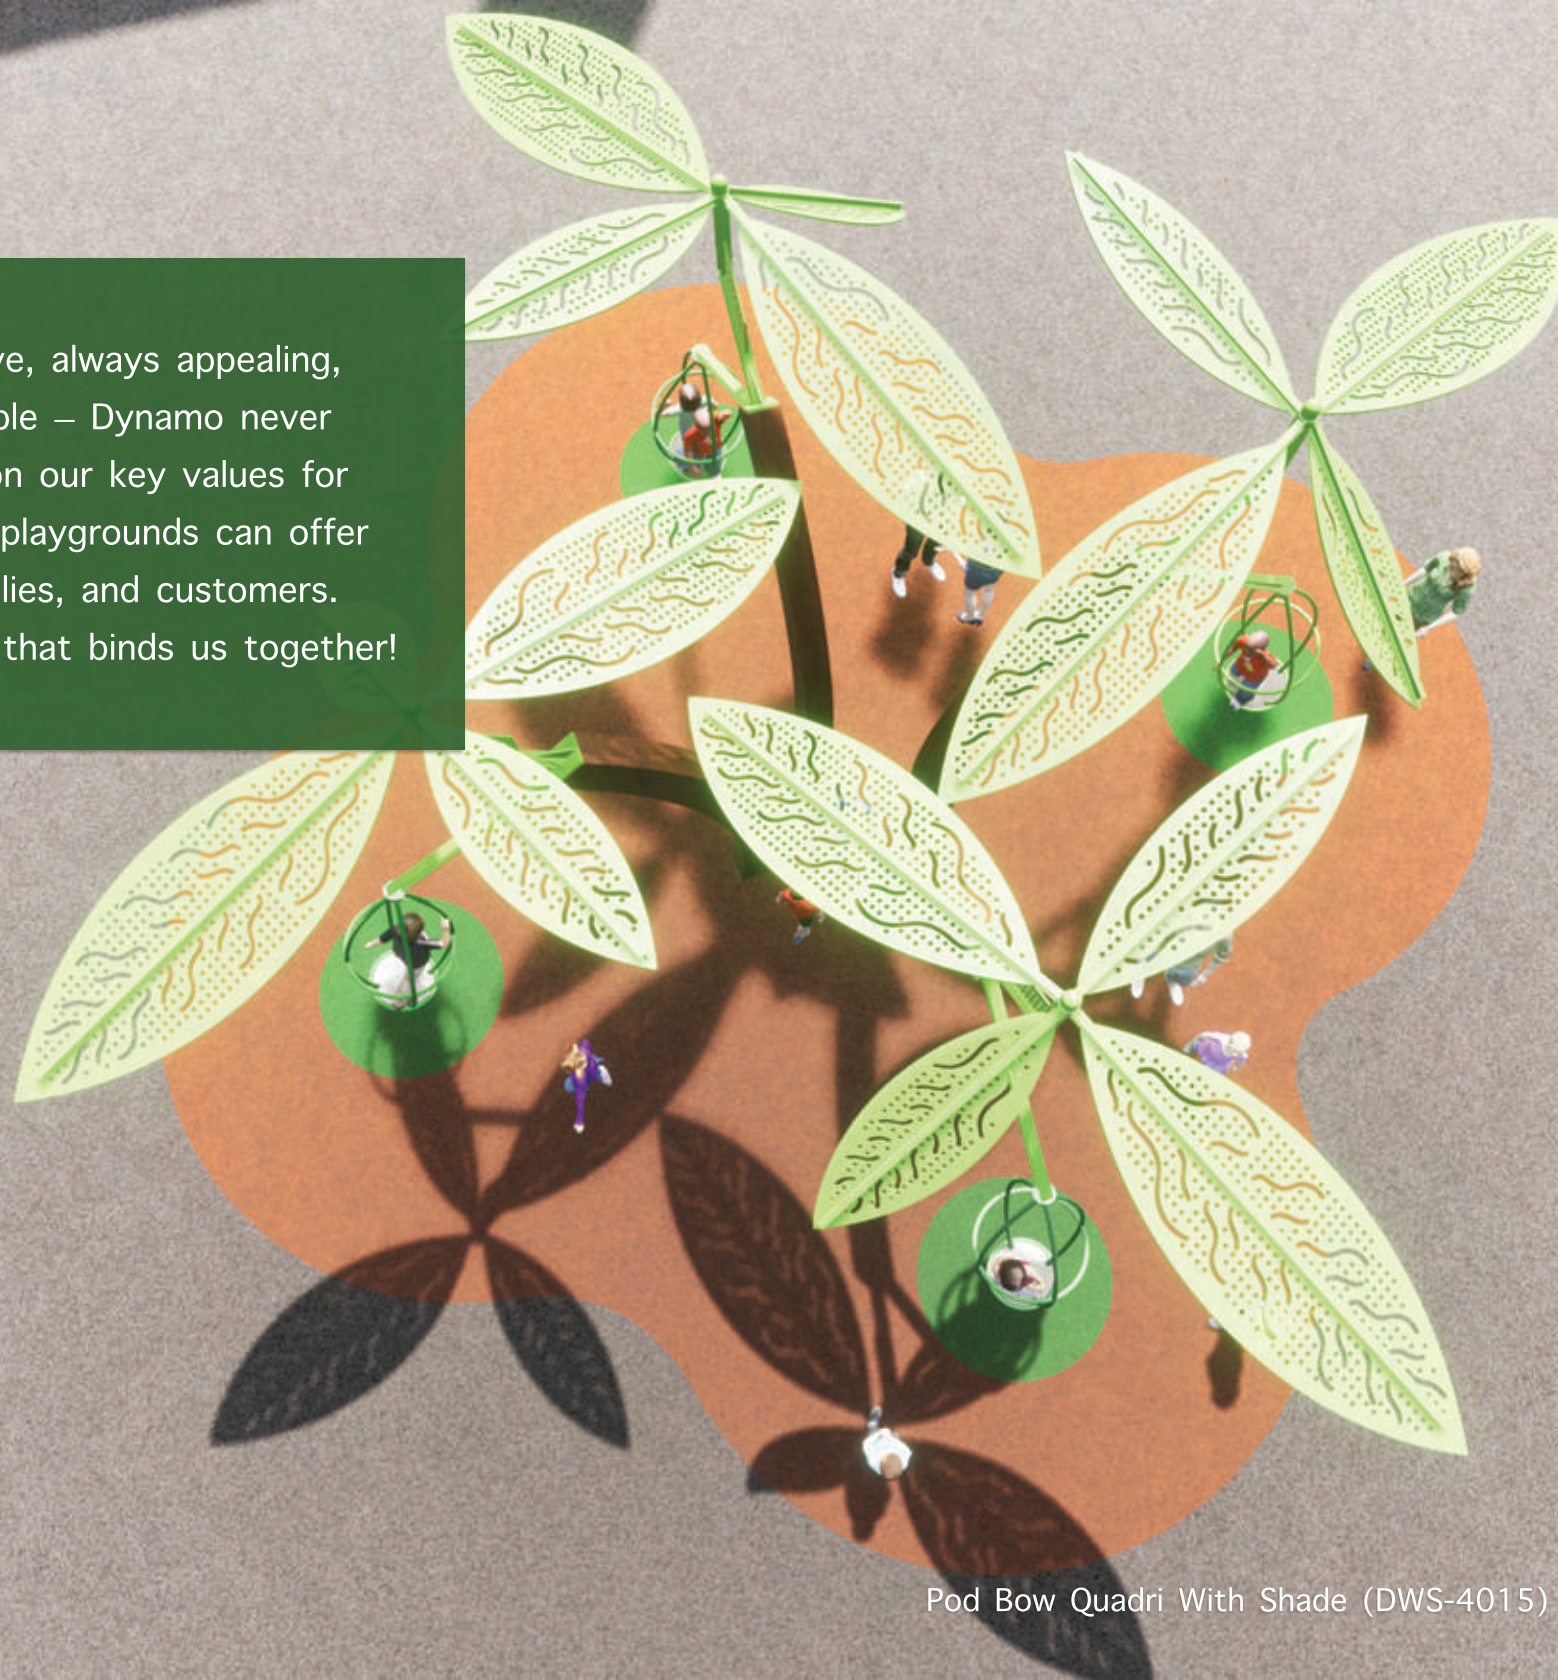

www.dynamoplaygrounds.com

Biggo Bow Solo (DWS-4007)

Always innovative, always appealing,
always dependable – Dynamo never
fails to deliver on our key values for
redefining what playgrounds can offer
to children, families, and customers.
This is the play that binds us together!

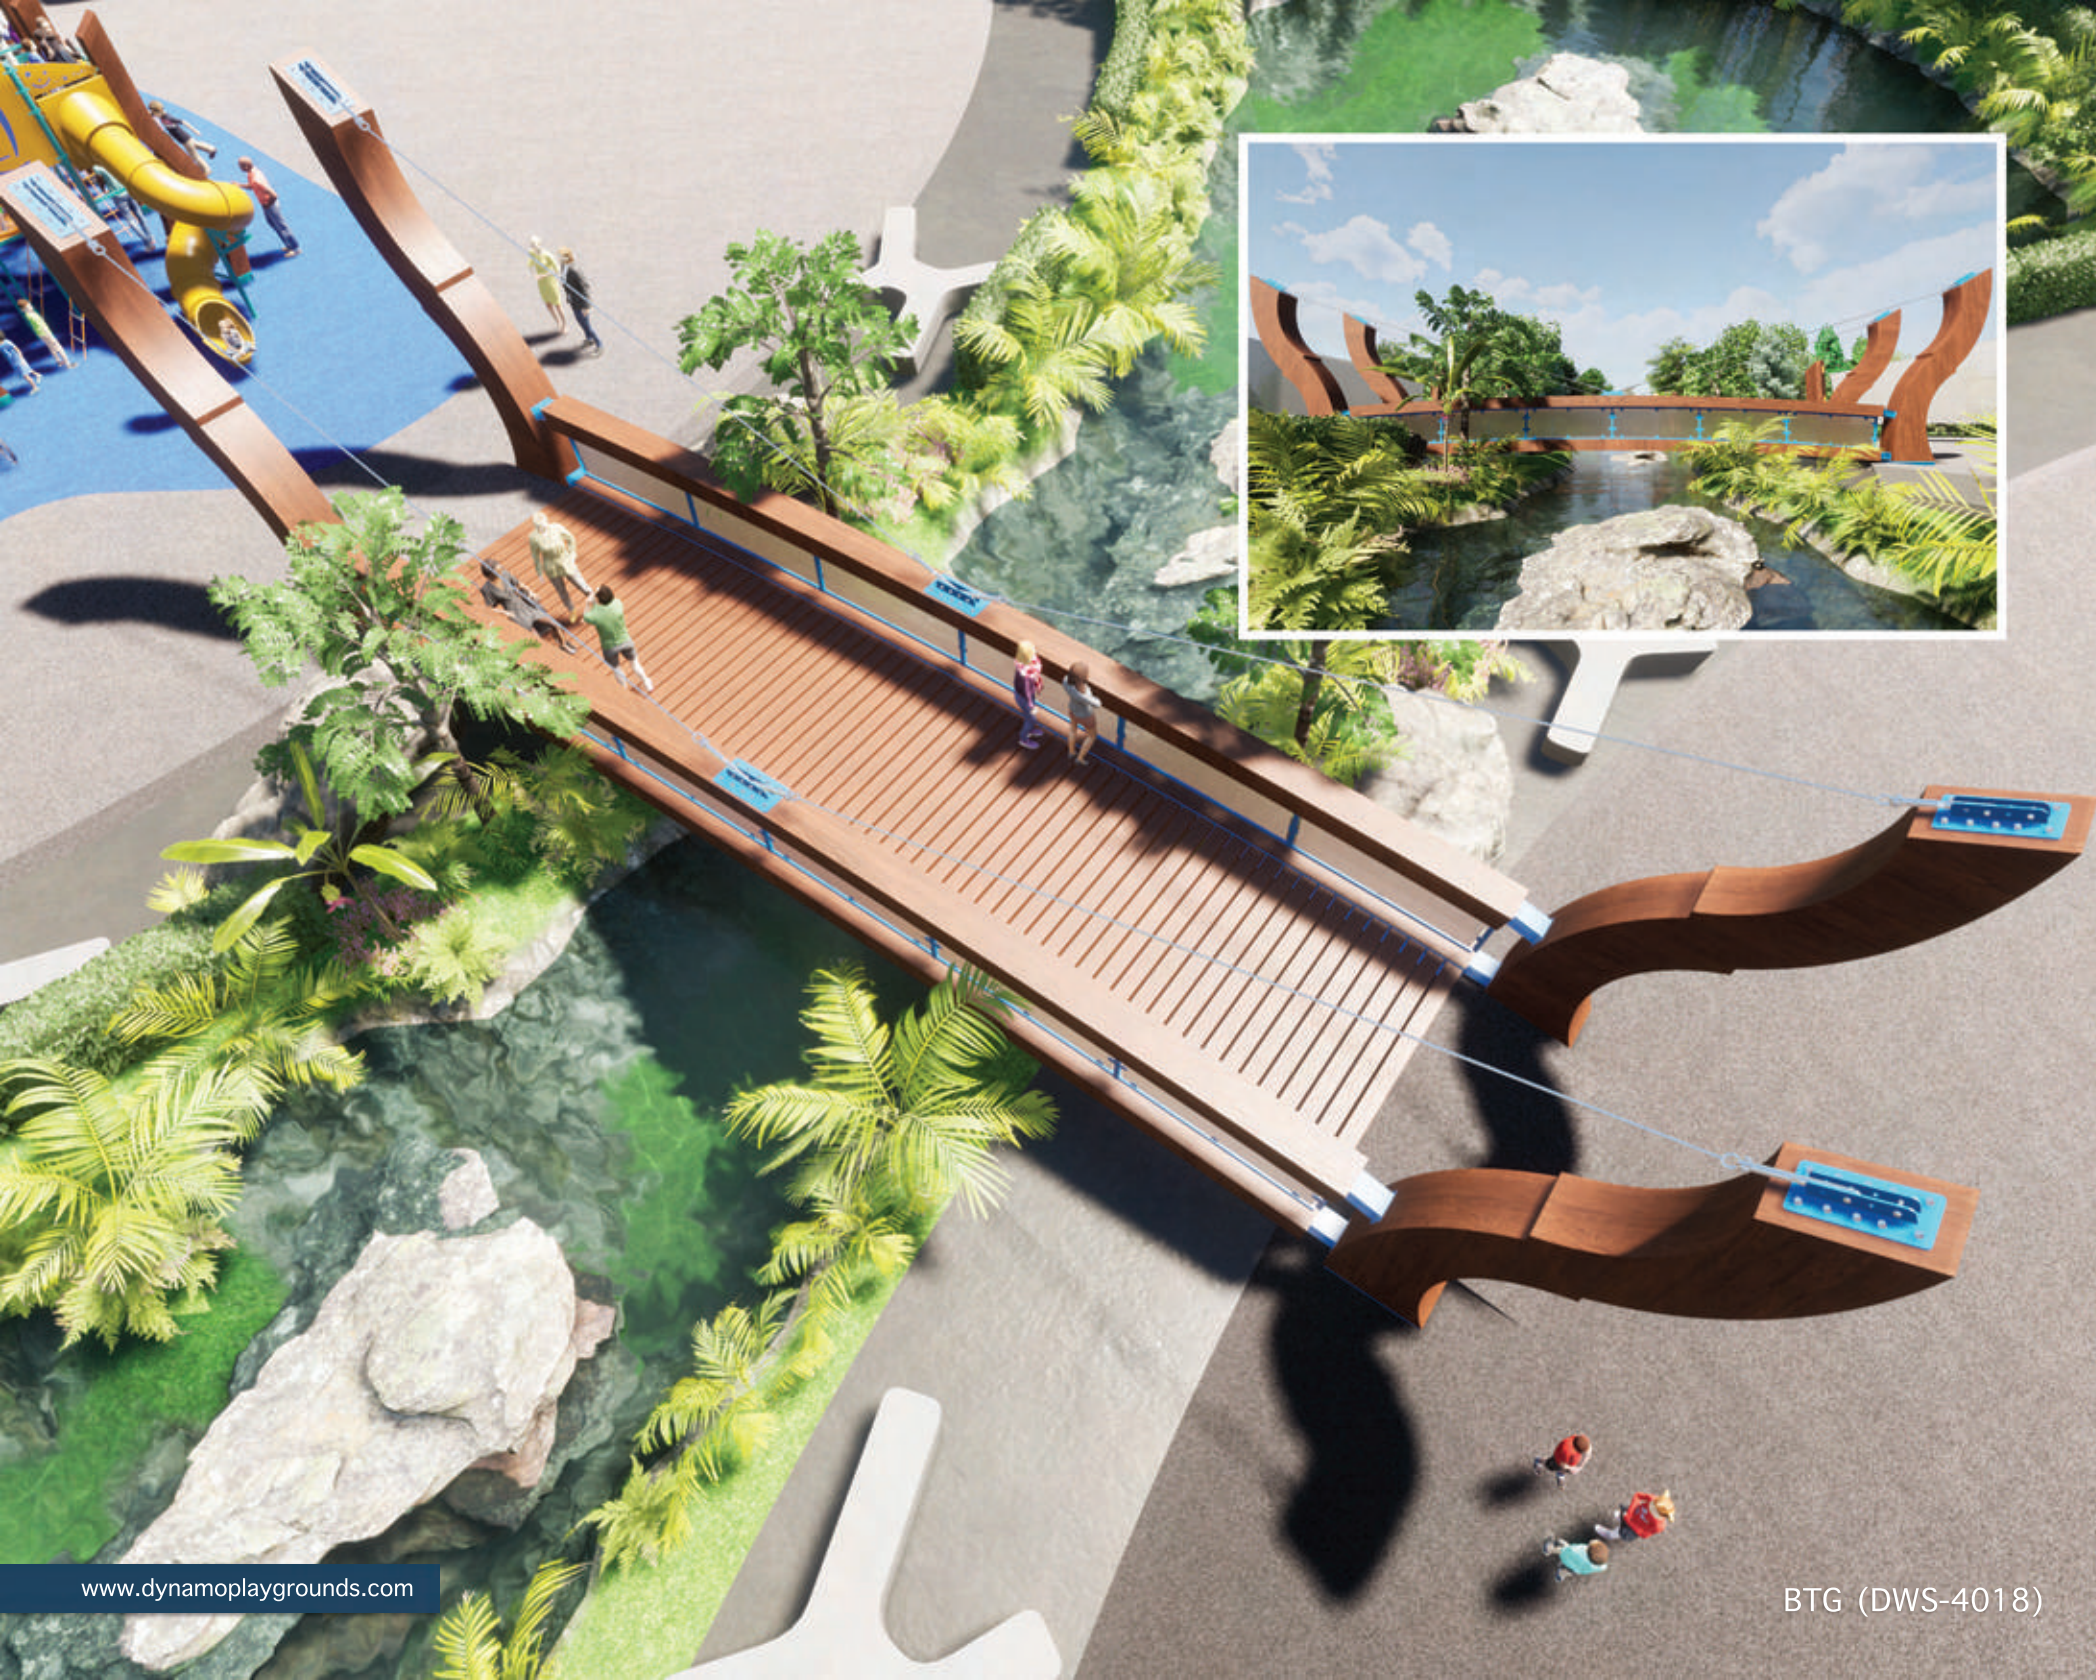

Pod Bow Quadri With Shade (DWS-4015)

Pod Bow Double Duo With Shade (DWS-4016)

Brings the warmth of wood
& emotional connection with nature
to the playground without sacrificing
safety, durability or design options.

The Nature's Aura line brings a fresh, modern theme to the playground. With innovative designs, these games work perfectly in smaller play spaces, optimizing play value within any park.

Citadel-S (DWS-4019)

Add more nature to your next playground project. Contact our team at info@dynamoplaygrounds.com to get started today!
